

Science Education

Volume 71, 1987

Issue 1, January

Editorial

L. E. Klopfer	1
---------------------	---

COMMENTS AND CRITICISMS

Correction for <i>A Summary of Research in Science Education—1983</i>	
M. G. A'B. Hewson	3
A Response to "Towards a Lakatosian Analysis of Piagetian and Alternative Conceptions Research Programs"	
P. S. Adey	5

SCIENCE EDUCATION

The Role of Expectancy of the Science Supervisor: Results of Research in Science Supervision	
G. M. Madrazo, Jr. and P. B. Hounshell	9
Acid Rain Education and Its Implications for Curricular Development: A Teacher Survey	
L. H. Barrow and P. Germann	15
Teachers' Attitudes Toward Science Coordination in British Columbia's School Districts	
D. R. Stronck	21
Research Based Objectives for Environmental Education: Consensus on the Past; A Base for the Future	
E. Hammerman and A. M. Voelker	29

ISSUES AND TRENDS, *Glen S. Aikenhead, Section Editor*

The Tai-chi: A Model for Science Education	
V. N. Lunetta and Y.-J. Cheng	41
Resolving the Crisis in Science Education: Understanding Before Resolution	
R. E. Yager and J. E. Penick	49

SCIENCE TEACHER EDUCATION, *Robert L. Steiner, Section Editor*

Issues of Science Teacher Quality, Supply, and Demand	
A. B. Champagne and L. E. Hornig	57

LEARNING, *Warren T. Wollman, Section Editor*

A Method for Analyzing Implicit Structural Components of Biology Communications and A Comparison with Data from Explicit Structural Analysis Techniques	
O. R. Anderson, K. Hostetler, and C. O. Okafor	77
Gender Related Differences in Science Activities	
K. Tobin and P. Garnett	91
Gender Influences on Concept Structure Interrelatedness Competence	
H. Harty, L. Hamrick, C. Ault, Jr., and K. V. Samuel	105

Chemistry Teacher's Functional Paradigms	
O. Lantz and H. Kass	117
Information for Contributors	135
Issue 2, April	
Biosocial Goals and Human Genetics: An Impact Study of NSF Workshops	
M. L. While, J. R. Hendrix, and T. R. Mertens	137
High-School Graduates' Beliefs About Science-Technology-Society. I. Methods and Issues in Monitoring Student Views	
G. S. Aikenhead, R. W. Fleming, and A. G. Ryan	145
High-School Graduates' Beliefs about Science-Technology-Society. II. The Interaction Among Science, Technology and Society	
R. W. Fleming	163
COMMENTS AND CRITICISMS	
Response to Beard's Comment on "Evolution in High School Biology Textbooks: 1963-1983"	187
INTERNATIONAL SCIENCE EDUCATION	
Science Education in India	
A. Kumar and D. P. Khandelwal	189
ISSUES AND TRENDS	
Values Clarification: Science or Nonscience	
L. J. Thelen	201
Citizen Groups' Perceived Importance of the Major Goals for School Science	
A. F. Pogge and R. E. Yager	221
SCIENCE TEACHER EDUCATION	
Status of Elementary Science Teacher Education in New England	
L. H. Barrow	229
Cognitive Psychology and Conceptual Change: Implications for Teaching Science	
T. J. Shuell	239
Evaluation of a Teacher Inservice Training Program in Physical Science	
F. Lawrenz	251
LEARNING	
Validity Considerations for Research on Integrated-Science Process Skills and Formal Reasoning Ability	
W. E. Baird and G. D. Borich	259
Issue 3, June	
A Summary of Research in Science Education—1985	
Preface	v
Introduction	271

Reviews of Research	274
Evaluating Science Education	277
Student Characteristics and Educational Outcomes	285
Attitudes Toward Science	303
Students' Concepts and Conceptual Reasoning	307
Instructional Treatments and Student Achievement	326
Influence of Instruction on Cognitive Skills	346
Research on Laboratory Work in Science Instruction	351
Microcomputer Applications in Science Education	356
Curriculum	365
The Practice of Science Teaching	380
Studies of Teachers and Teacher Preparation	394
Epilogue	409
References	411

Issue 4, July

High-School Graduates' Beliefs about Science-Technology-Society. III.

Characteristics and Limitations of Scientific Knowledge

G. S. Aikenhead	459
-----------------------	-----

High-School Graduates' Beliefs about Science-Technology-Society. IV. The Characteristics of Scientists

A. G. Ryan	489
------------------	-----

SCIENCE EDUCATION ASSESSMENT INSTRUMENTS

The Use of a Sociological Perspective in the Development of a Science Textbook Evaluation Instrument

L. M. Mulkey	511
--------------------	-----

INTERNATIONAL SCIENCE EDUCATION, *John P. Smith, Section Editor*

Curriculum Development and the Concept of 'Integration' in Science—Some Implications for General Education

E. O. Adeniyi	523
---------------------	-----

SCIENCE TEACHER EDUCATION, *Robert L. Steiner, Section Editor*

Teacher Management and Student Engagement in High School Science

J. J. Gallagher and K. Tobin	535
------------------------------------	-----

Professional Preparation and Responsibilities of New England Preservice Elementary Science Methods Faculty

L. H. Barrow	557
--------------------	-----

LEARNING, *Warren T. Wollman, Section Editor*

A Study of the Use of Ratios in Science Problem Solving

R. J. Raven	565
-------------------	-----

The Use of Rule Structures in Teaching Experimental Design to Secondary-School Students

J. A. Ross and F. G. Robinson	571
-------------------------------------	-----

Different Approaches for Teaching Volume and Students' Visualization Ability

D. L. Gabel and L. G. Enochs	591
------------------------------------	-----

Comparison of the Development of Ratio Concepts in Two Domains V. Bar	599
The Development of a Concept of Material Kind D. K. Dickinson	615
Pinholes and Images: Children's Conceptions of Light and Vision. I K. Rice and E. Feher	629
Erratum	641
Issue 5, October	
The Exploratorium's Explainer Program: The Long-Term Impacts on Teenagers of Teaching Science to the Public J. Diamond, M. St. John, B. Cleary, and D. Librero	643
Fortuitous Strategies on Inquiry in the "Good Ole Days" C. H. Stedman	657
ISSUES AND TRENDS, Glen S. Aikenhead, Section Editor	
Science Education and the Science-Technology-Society (S-T-S) Theme R. W. Bybee	667
Problems with "Control of Variables" as a Process Skill A. M. Lucas and K. Tobin	685
Science Education for Out-of-School Adults: A Critical Challenge in Lifelong Science Education J. P. Prather and J. W. Shrum	691
SCIENCE TEACHER EDUCATION, Robert L. Steiner, Section Editor	
A Preparatory Course in Science as a Factor in Enhancing Opportunities and Excellence in University Science Education U. Zoller, D. Ben-Chaim, and M. Danot	701
Demographic Survey of New England's Preservice Secondary Science Teacher Education Program L. H. Barrow	713
Science Teachers' Conceptions of the Nature of Science: Do They Really Influence Teaching Behavior? N. G. Lederman and D. L. Zeidler	721
LEARNING, Warren T. Wollman, Section Editor	
Interaction Effects of Personality Characteristics, Classroom Climate, and Science Achievement G. D. Haukoos and J. E. Penick	735
